About Us

The complete solutions for food packaging.

Oslopack is an industry leading solution provider of disposable packaging products in the Middle East.

The company, founded in 2011 by industry experts is a key source for brands and outlets that seek to bring a positive lasting impression to their customers. When operations began back in 2011, we set out to build an aggressive product distributorship in Doha. With that aim in mind and several strategic partnerships and agreements with international suppliers-all over the GCC-we have been able to achieve our goals and provide one of the largest collections of packaging products under our distributorship. We have introduced our new brand Oslopack in 2017.

Vision

To be a One of the key Player in providing Complete Disposable, Food Packaging Solutions to Food service and Household consumers. This Vision is built on the foundation of uncompromising principles of:

Quality: Best in Class Products and Services

Reliability: Integrated Purchase, Stores and Sales Operations ensuring availability.

Value: Expertise, Efficiencies and Economies drive the competitive value of our products

The complete solutions for food packaging.
